

## Alphabet Test

---

*Directions (1-4): These questions are based on the following alphabet series:*

A B C D E F G H I J K L M N O P Q R S T U V W X Y Z

- Which letter is fifth to the left of fifteenth letter from the right?  
a. H                      b. G                      c. E                      d. I                      e. K
- Which letter is fifth to the right of seventh letter from left?  
a. V                      b. W                      c. L                      d. R                      e. T
- Which letter is 6<sup>th</sup> to the right of 15<sup>th</sup> letter from the right?  
a. O                      b. N                      c. P                      d. R                      e. S
- Which letter is 5<sup>th</sup> to the left to 14<sup>th</sup> letter from the left?  
a. E                      b. J                      c. O                      d. I                      e. T

*Directions (5-9): If first half of English alphabet is reversed and second half is left undisturbed then answer the questions given below:*

A B C D E F G H I J K L M N O P Q R S T U V W X Y Z

- Which letter will be 9<sup>th</sup> to the left of 15<sup>th</sup> letter from the left?  
a. I                      b. G                      c. H                      d. J                      e. F
- Which letter will be 10<sup>th</sup> to the left of 25<sup>th</sup> letter from the left?  
a. O                      b. P                      c. N                      d. M                      e. R
- Which letter will be 9<sup>th</sup> to the right of 25<sup>th</sup> letter from the right?  
a. Q                      b. A                      c. X                      d. D                      e. C
- Which letter will be 7<sup>th</sup> to the left of 12<sup>th</sup> letter from the right?  
a. B                      b. G                      c. E                      d. F                      e. R
- Which letter will be 16<sup>th</sup> to the left of 18<sup>th</sup> letter the left?  
a. A                      b. L                      c. M                      d. K                      e. R

*Direction (10-14): If second half of English alphabet reversed and first half is left undisturbed then answer the questions given below:*

A B C D E F G H I J K L M N O P Q R S T U V W X Y Z

- Which letter will be 12<sup>th</sup> to the left of 8<sup>th</sup> letter from the left?  
a. A                      b. V                      c. U                      d. D                      e. R
- Which letter will be 12<sup>th</sup> to the right of 8<sup>th</sup> letter from the left?  
a. A                      b. V                      c. J                      d. T                      e. S
- Which letter will be 14<sup>th</sup> to the right of 7<sup>th</sup> letter from the left?  
a. A                      b. L                      c. S                      d. U                      e. V
- Which letter will be 5<sup>th</sup> to the left of 23<sup>rd</sup> letter from the left?  
a. A                      b. L                      c. W                      d. U                      e. V
- Which letter will be 12<sup>th</sup> to the right of 23<sup>rd</sup> letter from the right?  
a. Y                      b. P                      c. U                      d. W                      e. X

## Alphabet Test

---

Directions (15-16): These questions are based on the following alphabet series.

A B C D E F G H I J K L M N O P Q R S T U V W X Y Z

15. Which letter is between midway of 7<sup>th</sup> from the left and 7<sup>th</sup> letter from the right?  
a. M                      b. N                      c. L                      d. O                      e. Can't be determine
16. How many letters are in midway between 5<sup>th</sup> letter from the left and 4<sup>th</sup> letter from the right?  
a. 15                      b. 16                      c. 17                      d. 18                      e. None of these
17. How many pairs of letters are there in the word SPONTANEOUS which have number of letters between them in the word one less than the number of letters between them in English alphabet?  
a. Five                      b. One                      c. Four                      d. Two                      e. Three
18. How many pairs of letters are there in the word EXPLOSION which have as many letters between them as in the English alphabet?  
a. 1                      b. 2                      c. 3                      d. 4                      e. None of these

Directions (19-20): Study the following arrangement carefully and answer the questions given below:

R # T U 3 D \$ J @ B E 9 © W 1 A F % P 2 4 Q I N 6 M □□Z 5

19. If all the numbers in the above arrangement are dropped, which of the following will be the ninth from the right end?  
a. A                      b. F                      c. B                      d. P                      e. None of these
20. Which of the following will be the sixth to the left of the fourteenth from the left end of the above arrangement?  
a. J                      b. Q                      c. N                      d. D                      e. None of these

Directions (21-23): If the first half of the English alphabet is reversed and then next portion of English alphabet is reversed so as 'A' takes the position of 'M' and 'N' takes the position of 'Z' then answer the following questions:

M L K J I H G F E D C B A Z Y X W V U T S R Q P O N

21. Which letter will be 6<sup>th</sup> to the left of 17<sup>th</sup> letter to the right of 7<sup>th</sup> letter from the left?  
a. U                      b. V                      c. C                      d. D                      e. None of these
22. Which letter will be 6<sup>th</sup> to the left of 17<sup>th</sup> letter to the right of 11<sup>th</sup> letter from the left?  
a. Y                      b. N                      c. R                      d. M                      e. None of these
23. Which letter will be 4<sup>th</sup> to the left of 7<sup>th</sup> letter to the right of 8<sup>th</sup> letter from the left?  
a. B                      b. C                      c. K                      d. L                      e. None of these
24. Which letter will be in the midway between 4<sup>th</sup> from the left and 13<sup>th</sup> from the right?  
a. H                      b. I                      c. G                      d. V                      e. None of these

## Alphabet Test

---

25. How many such pairs of letters are there in the word 'PRODUCTION' each of which has as many letters between them in the word as in the English alphabet?
- a. None      b. One      c. Two      d. Three      e. More than three
26. How many such pairs of letters are there in the word 'ORIENTAL' each of which has as many letters between them in the word as in the English alphabet?
- a. None      b. One      c. Two      d. Three      e. More than three
27. How many such pairs of letters are there in the word 'STREAM', each of which has as many letters between them in the word as in the English alphabet?
- a. None      b. One      c. Two      d. Three      e. More than three
28. How many such pairs of letters are there in the word 'EDUCATION', each of which has as many letters between them in the word, as they have in the English alphabet?
- a. None      b. One      c. Two      d. Three      e. More than three
29. How many such pairs of letters are there in the word 'BAROMETER' each of which has as many letters between them in the word as in the English alphabet?
- a. None      b. One      c. Two      d. Three      e. More than three
30. How many such pairs of letter are in the word 'EXPERIMENT', each of which have as many letters between them in the word as they have in the English alphabet?
- a. None      b. One      c. Two      d. Three      e. More than three

**Directions (31-35):** These questions are based on the following letter/number/symbol arrangement. Study it carefully to answer these questions.

H 1 6 D F 9 % T R A B \$ 3 4 G E # 1 L Q M U 5 @ 7 J

31. If all the symbols are dropped from the above arrangement, which element will be eleventh from the right end?
- a. G      b. 3      c. 4      d. E      e. None of these
32. Which element is seventh to the left of nineteenth element from the left?
- a. \$      b. 3      c. G      d. E      e. None of these
33. How many such symbols are there in the above arrangement, each of which is immediately preceded by a number or immediately followed by a number or both?
- a. 3      b. 6      c. 5      d. 4      e. None of these
34. Four of the following five are alike in a certain way based on their positions in the above arrangement and so form a group. Which is the one that does not belong to the group?
- a. F6D      b. ATR      c. L#I      d. 5MU      e. E#G
35. Which element will be sixth to the left of fifteenth from the left if the order of all the elements is reversed?
- a. L      b. 1      c. R      d. T      e. None of these

**Directions (36-40):** These questions are based on the following letter/number/symbol arrangement. Study it carefully to answer these questions.

6 T 3 # F I J H 4 9 \$ % 7 E R L 2 5 A V @ W D 8 U M

36. How many such numbers are there in the above arrangement each of which is immediately preceded by another number and also immediately followed by a symbol?
- a. None      b. One      c. Two      d. Three      e. More than three
37. If all the consonants are dropped from the above arrangement then which element will be seventh from the left end?

## Alphabet Test

---

- a.** 9      **b.** J      **c.** \$      **d.** %      **e.** None of these  
**38.** Which element is fifth to the right of eleventh from the right end?  
**a.** V      **b.** A      **c.** @      **d.** W      **e.** None of these  
**39.** If all the symbols are dropped from the above arrangement which element will be third to the right of tenth from the right end?  
**a.** A      **b.** D      **c.** V      **d.** W      **e.** None of these  
**40.** Four of the following five are alike in a certain way on the basis of their positions in the above arrangement and so form a group. Which is the one that does not belong to the group?  
**a.** F3#      **b.** E%7      **c.** 2L      **d.** WV@      **e.** 8MU
